

Wanted a Few Good Homeowners!

Greenland Chase Homeowners Association Committee Interest

The Board of Directors is looking for homeowner participation to assist us. We are looking for owners that are interested in participating on the following Committee:

- **Architectural Review Committee** – Will be formed and will meet as required to review plans for exterior modifications to homes and lots within the community in accordance with the Architectural Criteria that has been established to regulate the construction of and modification of homes and lots at Greenland Chase to facilitate a level of high quality and maintain consistency with the primary objectives of the overall development plan for the community

Committee volunteers will be required to attend a short orientation at the pool area with a representative of the Management Company. Individual committees can then organize and select meeting dates and times.
