## Senior Men's Interclub

*Monthly at 9 a.m. on Mondays*

*\$65 for golf, cart, range balls, lunch and prizes*

Any man 55 years of age or older who is a Patron or a GHIN Member of the Eagle Harbor Golf Club is invited to join us.

Each month we field an eight-man team to compete against select clubs in the Jacksonville area over an eleven-month season.

The venues sequence through fifteen or more courses, including neutral (non-league) clubs, such as Deerwood, Palencia, and Ponte Vedra Inn for the season-ending championship.

For further details, please check the

league website at [jaxsi.org/index.html](http://jaxsi.org/index.html).

Briefly put, your first three matches are played off your USGA Handicap Index. Thereafter, like everyone else, you play against a league index based on the best three of your most recent six league scores, adjusted for equitable stroke control. The format is net Stableford, as specified in USGA Rule 32-1b, whereby points are awarded for net scores of bogey, par, birdie, eagle and double eagle: 1, 2, 3, 4 and 5 points, respectively.

Each team member plays in a four-

man group with fellow competitors from three different clubs. The pairings are randomly assigned. So, you are as likely to play with a 2 handicapper as with a 30 handicapper. No matter, since everyone is playing against his own handicap, which guarantees a level playing field.

A monthly signup sheet is posted on the bulletin board in the golf shop. A random drawing determines the roster when more than eight players sign up. For more information, call 269-9300!

# Eagle Harbor

## Healthy Lawns

August was one of the hottest months in Florida history, followed by hurricane season and lots of rain, both of which caused lawns and landscaping to be severely stressed.

Stressed lawns can attract chinch bugs & fungus, which can do devastating damage. Now that we're in November, and the days are getting shorter and "slightly" cooler, it's a good time to assess and plan to repair any damage this summer's weather did to your lawn and landscaping.

Many of our area nurseries suggest replacing damaged sod and/or landscaping during the month of November so that plants will have time to become established before the onset of our "winter" season. New plantings may require additional irrigation to become established. Remember, if you plan to make changes to your landscaping or wish to remove existing trees, you will need to obtain prior approval from the community Architectural

Review Committee (ARC).

A little effort now will result in an attractive, well-established landscape in the spring.

## New Resident Or New Mailing Address?

# CCSO Crime Watch

Now that it's been a couple months since school started, we've seen that School Days bring congestion: Yellow school buses are picking up their charges, kids on bikes are hurrying to get to school before the bell rings, and harried parents are trying to drop their kids off before work.

It's never more important for drivers to slow down and pay attention than when kids are present – especially before and after school.

## Sharing the Road with School Buses!!!

If you're driving behind a bus, allow a greater following distance than if you were driving behind a car. It will give you more time to stop once the lights start flashing. It is illegal in all 50 states to pass a school bus that is stopped to load or unload children.

Never pass a bus from behind – or from either direction if you're on an undivided road – if it is stopped to load or unload children.
