## Senior Men's Interclub

**Monthly at 9 a.m. on Mondays • \$65 for golf, cart, range balls, lunch and prizes**

Any man 55 years of age or older who is a Patron or a GHIN Member of the Eagle Harbor Golf Club is invited to join us.

Each month we field an eight-man team to compete against select clubs in the Jacksonville area over an eleven-month season.

The venues sequence through fifteen or more courses, including neutral (non-league) clubs, such as Deerwood, Palencia, and Ponte Vedra Inn for the season-ending championship.

For further details, please check the

league website at [jaxsi.org/index.html](http://jaxsi.org/index.html).

Briefly put, your first three matches are played off your USGA Handicap Index. Thereafter, like everyone else, you play against a league index based on the best three of your most recent six league scores, adjusted for equitable stroke control. The format is net Stableford, as specified in USGA Rule 32-1b, whereby points are awarded for net scores of bogey, par, birdie, eagle and double eagle: 1, 2, 3, 4 and 5 points, respectively.

Each team member plays in a four-

man group with fellow competitors from three different clubs. The pairings are randomly assigned. So, you are as likely to play with a 2 handicapper as with a 30 handicapper. No matter, since everyone is playing against his own handicap, which guarantees a level playing field.

A monthly signup sheet is posted on the bulletin board in the golf shop. A random drawing determines the roster when more than eight players sign up. For more information, call 269-9300!

## Holiday Décor

The holidays are just around the corner, and for many people, that means lots of festivities with friends and loved ones. With all of the merriment that's sure to ensue, it's important that residents who are hosting celebrations are not only considerate of their neighbors, but also keep the following in mind:

**1. Outdoor Decorations:** Decking the halls with seasonal ornaments is a great way to bring the holiday spirit home. When planning your outdoor lighting & lawn decorations remember holiday décor should add to the beauty of your home, not detract from it. Also, please be cognizant of your neighbors by ensuring that all exterior holiday lighting is turned off at a reasonable hour each night. After the holiday, all exterior holiday decorations should be removed within thirty (30) days, and the home returned to its original state.

**2. Parking:** The holidays bring many people together, and that means extra cars will need to be parked. When parking guests please make sure roads, sidewalks and neighboring driveways and mailboxes are not blocked. Also, ensure cars are not parked, on either side of the street,

directly across from one another, as this causes difficulties for other drivers on the road.

**3. Overnight Guests:** It wouldn't be the holidays without Uncle Marv and Aunt Ethel bunking in little Jimmy's room. Of course, you might want to check out the covenants and restrictions Article V Section 10: Vehicular Restrictions to determine what types of vehicles are allowed within the community. If guests are staying longer than a couple of days please make every effort to clean out your garage so that additional cars may be parked there as well as in your driveway. This will help keep streets clear and lessen any possible traffic accidents.

### New Resident Or New Mailing Address?

If you are a NEW resident, in the military, or an Eagle Harbor OWNER whose mailing address is different than your Eagle Harbor property address, please contact our office at 904-278-0616 to insure the association has your correct mailing address.

# Christmas Safety Tips

While you're out standing in line for the stores to open at dawn or home late trying to scoop up every deal on Cyber Monday remember to keep in mind these basic Christmas safety tips.

• **Lock everything:** This seems obvious, but more often than you would expect a burglar gets into a house just because something was left open or unlocked, especially with house guests visiting who may not have keys.

• **Secure valuables:** Never leave anything of value out in plain sight. Nothing should ever be visible from any window. The master bedroom is the first room intruders check for valuables.

• **Control your social status:** Though you might be tempted to broadcast to the world about how excited you are for your holiday travels, resist the urge to broadcast to the whole world that you are not going to be home.

• **Leave the light on:** Not the eco-friendliest advice, but the more it looks like someone is home, the less likely that someone will try to intrude on your home.

• **Activate your alarm system:** Again, while it may seem obvious, your mind is distracted, and you could be in a rush to get out the door. Don't forget to arm your security system – this simple step will go a long way to protect your home.
